

[skunkworks.engr.wisc.edu/](http://skunkworks.engr.wisc.edu/)

- Undergraduate research for data science applications in science and engineering
- 50+ members since 2015

- MRSEC supported “machine learning for materials” mini-course for projects, courses, and summer schools at UW and collaborating schools.
- MRSEC supported NextGen scholars (summer materials informatics fellowship with silicon valley startup Citrine) – 9 at UW (lead institution), 4 underrepresented groups.
- Started Informatics Skunkworks at MRSEC partner Univ. of Puerto Rico, Mayaguez.
- Initiated MRSEC(AMIC)/Skunkworks program to engage students on industry data science projects.

*Informatics Skunkworks group 5<sup>th</sup> AllHands Meeting, April 28<sup>th</sup>, 2018*

*Participants in the NextGen Scholars Program in Materials Informatics.*
